TALKS WITH CITIZENS.

A Bonnie Brae Resident.—"I was very much interested in an article published about a year ago in THE TIMES on industrial education in our schools. The description given in that article of the success of the Industrial Training School in the city of Chicago enlisted my attention, and I have been trying since then to enlist capitalists in the scheme of starting just such a school here in Southern California. Such a school is a necessity. What we want for our boys is an education that will be practical—that will help them in whatever profession in life they may choose to enter. A boy needs to learn something more than his multiplication table and his syntax—he wants to learn how to handle the plane, the saw and the hammer. How to use his hands and his eyes as well as his brains. Have we not men of wealth enough here and men of public spirit enough to take the initial steps in this matter and ultimately see the thing pushed through to completion? We ought to have. A training-school would bring people here from all parts of the country. They would not send their boys to Chicago and other large eastern cities, where they must contend with the inclemencies of a severe climate, if they could send them here with the assurance of just as good educational facilities in a climate that would let them alone. I wish THE TIMES would send the ball rolling. I will help all in my power, and see if we cannot secure an industrial training-school for Southern California. It would be an inestimable boon to us and one that we must have sooner or later."

A New-comer.—"When all the public buildings and the new residences that have been projected are completed, Los Angeles will be one of the handsomest cities in the country. Your new courthouse is going to be a magnificent and solid structure. Your new City Hall will possess great architectural beauty. The new Bonbrake building, corner of Second and Spring, will be grandly imposing, and your new theaters, business blocks and fine residences impress the eye with the sense of their solidity and general attractiveness. We feel that the growth of Los Angeles is not an ephemeral one. The new Los Angeles is built to endure. A population of 200,000 by the year 1900 is what I look for in this city."

A Progressive Citizen.—"I am tired of this confounded delay in pushing the works of public improvement that the city has had to contend with. We cannot afford to let the winter rains cut us out in the condition they are now in. If the city authorities would only push things with the vigor the cable railroad authorities are moving in the construction of, our lines we should see an immense amount of work completed before the close of the year, and the general aspect of things here in Los Angeles would be altogether more inviting. And I do not see any reason why this should not be done."

A Citizen.—"Yes, Los Angeles is multiplying her churches pretty fast, but a good thing in connection with it is that all the new churches seem to be filled as well as the old ones. We have good pulpit talent here. I do not believe that there is a city in the Union where church-going is more popular and universal than right here in Los Angeles. I don't want any better country to grow up with than this, and I am content to live and die here."

A Prominent Physician.—"Is not that the Juanita lottery scheme a disgraceful one? I think it is, and it is no credit to Los Angeles that she furnishes so many names that are connected with it. I am surprised to see the name of Gen. Stone-man given as one of the possible directors. He should be in better business."

OUR NEIGHBORS.

Alhambra.

ALHAMBRA, Sept. 6.—[Correspondence of THE TIMES.] Times may be dull in other localities, but in this town they seem just a trifle too lively for the thoughtful man. There are meetings and meetings, until the average citizen has been brought to keeping a memorandum of the different gatherings, in order that he may not miss any. As they all tend to future improvements and progress of the place, it will eventually in no end of good for the community.

Mr. Hathaway continues to collect brick and sand on his property on First street, where he is to erect a handsome brick dwelling, with brown-stone trimmings, the cost to be in the neighborhood of \$5000. Bids for the erection of T. J. Stuart's \$4000 house were opened last night, and the contract let, work to commence at once. The pretty cottage on Second street, to be occupied by Rev. A. A. Dinsmore, is fast assuming pleasing proportions, and will make an attractive home for this favorite family.

Mr. Behlow is building an ornamental pigeon-house and barn, and has plans completed for a fine dwelling, to be erected on his fine acre property on Main street. The buildings are and will be directly on the surveyed line of the Pasadena branch of the San Gabriel Valley R.R. rapid-transit Railway. Mr. Behlow naturally objects to four trains a day, each way, passing through his bathroom, especially at this season of the year, when frequent ablutions are necessary to body comfort. It will have to be decided soon whether the road goes around, over or under the obstructions, as the graders are fast approaching from Pasadena.

The Public Library Association has at last assumed a tangible shape. Articles of incorporation have been filed with the County Clerk. The board of trustees, as elected at an enthusiastic meeting Friday evening, are: H. W. Stanton, president; Miss R. Stone-man, vice-president; the Rev. J. B. King-ley, F. Edward Gray, Mrs. E. E. Williams and Mrs. James Wayne, trustees. The meeting called for the purpose was one of the largest ever held in Alhambra. Subscriptions to stock are coming in liberally, and there is every indication that the institution has been incorporated to which for all time to come Alhambra's citizens can point with pride and pleasure.

The book-club war's not over, no dissensions are at hand. For everything is now lovely. And the end draws nigh.

It was unanimously resolved at a meeting of the interested parties held last evening to donate the books in dispute to the Public Library, provided suitable arrangements can be made with that association for their proper care, and access to them given to all ladies and gentlemen in accordance with the rules of the library, otherwise to be divided pro rata among the members of the club. A committee was appointed to carry out the provisions of the resolution, and thus this accumulation of books will now find its abiding place, for which it was originally intended, and no questions of their divergence should ever have arisen.

Beaumont.

BEAUMONT, Sept. 6.—[Correspondence of THE TIMES.] The older Californians of this place were treated to a surprise last Thursday, when, for the space of over a half-hour, a half an inch of rain fell. It came from all directions in large drops. Water ran in the streets, and stood in pools. The dust is settled, so that driving is pleasant. Little or no damage was done to the grain yet in the stack.

The opening meeting of the political campaign for the Republicans was held last Saturday evening. The hall was comfortably filled. The meeting was presided over by B. V. Smith. The Hon. Lyman Evans of San Bernardino was the speaker of the evening. The

meeting closed with three cheers for Harrison and Morton.

Work was begun this week on a barn for James Kelley on his lots, corner of California avenue and Eighth street. He intends to proceed at once to the erection of a house on the same lots.

Our schools opened for the fall term last Monday with a full attendance. Mr. Buckley, late of Missouri, and Miss Hart of Riverside preside over the two departments.

Rev. Mr. Stevens, pastor of the Third Presbyterian Church of your city, is spending a few days in this place under the hospitable shelter of the Beaumont.

The ladies of the Presbyterian Church gave an ice-cream social in their church last evening. The programme consisted of music by the orchestra and choir, recitations by Misses Alberta Armstrong and Mary Ross, and a ballad by Mrs. Dr. Bacon. Ice cream and cake and lemonade were served to the people by the ladies.

Rev. W. F. Wenk of the Methodist Church closes his year with next Sunday. He will attend the Southern California Conference, which meets next week at Pasadena.

Orange and Vicinity. ORANGE, Sept. 5.—[Correspondence of THE TIMES.] No license carried almost two to one. The day was very exciting, but "all is well that ends well."

Different responsible parties are moving in the matter of preparing proper exhibits for the Los Angeles pomological display during the Odd Fellows' convention, and no doubt this valley will be nicely represented.

Mr. Conaway and family have moved to the University place in order to be near the school and get the benefit of its educational advantages for their children.

A carload of dried peaches were shipped at Orange by the Santa Fe Railroad from this valley last week. Raisin-packing will commence soon. The crop will be very tight, and still it will amount to considerable.

The saloon Mr. McPherson continues to make the little town lively in a way that is very disagreeable, particularly at night, and the good people are greatly troubled over the matter.

Blount Hotel, situated on the foothills back of El Modena, has been purchased by Mr. McFadden of Santa Ana, and will probably be moved to the street-car line near the railroad at McPherson very soon, and the opened as a sanitarium.

C. C. Lamb of your city, with friends, made a flying visit to our valley a few days since. He was much surprised and gratified to see the wonderful growth and improvement made in this section within the last two or three years.

The amount of railroad travel in this region is quite astonishing. Fares are so reasonable that, making a trip to Los Angeles and back, whether for business or pleasure, seems just the proper thing to do.

Mr. and Mrs. J. P. Bassett on their return from their visit east were accompanied by their granddaughter, Miss Belle Phillips. They tell us that after a thundershower of unusual severity in Ohio they counted six fine trees in a nine-mile ride that had been struck and destroyed by lightning. At another time, in Illinois, while going a distance of only two miles, they were caught in a smart shower and obliged to take refuge in the nearest house. At Cincinnati, seeing Riverside oranges advertised, they were about to buy some, but to their surprise, found only scrubby, smutty, inferior oranges, such as we throw away as culls, and when wishing a taste of good old-fashioned Morilla cherries, their friends went to the market and brought home beautiful ripe cherries, but they were from San José, Cal., instead of being home productions. California is now dearer than ever as a home to them.

University Place.

UNIVERSITY PLACE, Sept. 7.—[Correspondence of THE TIMES.] The southwest portion of Los Angeles city is having quite a building boom. There are a number of fine residences in course of erection on Figueroa and Adams streets, and others to fall in line soon; also several cottages are being built at this place. It has been said, by those who seem to know, that the direction in which the city is growing most rapidly is to the west and southwest, but from the present outlook the southwest portion is taking the lead. From present indications, Figueroa street is going to be the finest residence street in the city. The University of Southern California is the great attraction to those who are interested in education, and are desirous of giving their children the benefit of a first-class collegiate education, and therefore we find locating among us a class of citizens, not only of wealth, but of intelligence and morality.

The following resolution was adopted at the last quarterly conference of the M. E. Church in this place: Resolved, that this quarterly conference, appreciating the efficient and successful labors of our beloved pastor, hereby express our earnest wishes, which we believe to be the earnest desire of our church and congregation, that Dr. T. C. Warner be returned to this charge for the ensuing year, and that the presiding elder be requested to carry out our wishes in this matter. Carried unanimously by a standing vote.

Mrs. Emma Cash, county president of the W. C. T. U., will meet with and talk to the University Union next Monday afternoon, at 2:30 o'clock. Rev. Selah Brown of Santa Barbara has been named a citizen of this place. James L. Smith has been selected principal of the school in this district. The first term of the University begins September 19th. G. A. S.

Entertainment at Santa Monica. SANTA MONICA, Sept. 8.—[Correspondence of THE TIMES.] The entertainment by the W. C. T. U. was a great success in every way last evening, realizing more than was expected in a financial way. The programme was acceptable throughout. Mrs. Swingley Ryder, however, was not seen at her best, showing marked effects of her recent illness, in her voice especially. Her song was omitted. Her recitation was the exquisite gem by Owen Meredith, "Aux Italiens," given with delicate taste to the running accompaniment on piano by Miss Volkman of the favorite "Miserere" in *Il Trovatore*. But the piece de resistance during the evening was by Mrs. Ryder's daughter, a little miss of 7 or 8 years. The child sang marvelous talent and seems entirely at ease. She recited Jean Ingelow's "Seven Times One," and in response to double encore gave in inimitable manner a little Dutch sketch and "Charge of the Light Brigade," the latter especially showing how much can be done even with a well-worn theme.

Wedding cakes a specialty at the American Bakery, corner of First and Main streets. Give their bread a trial. Consideration, care, superior work, prompt delivery, characterize the City Laundry. Where shall I take my lunch? At the Vienna Buffet.

THIS CLOSING OUR CLEARANCE SALE.

Look out for us from this time till next January. Success means a great deal more than the literal definition of the word. The "head" bootblack becomes the envy of the lesser lights in the profession. The successful "peanut" vendor stands at the top of the ladder. All because success attends the efforts of the deserving when backed by ability, whether in a greater or lesser degree.

A BATTLE FOR REFORM.

A reform for values. A reform in prices—prices that meet the approbation of every one. Ten per cent. on a thousand dollars in one day is more than an equivalent to 50 per cent. on the same amount in a week, the difference being to the credit of the purchaser, simply because new goods and late styles are constantly taking the place of stock sold.

AN IMPROMPTU WIND-UP.

Here is something that we did not intend doing, but were compelled to do so on account of our fall trade. We will give you a double allowance of dress goods. The latest dark shades and colorings and at prices that will certainly be appreciated. EXAMINE APPENDED LIST.

PASADENA.

THE "CAUSE CELEBRE" OF THE CRACKER-CROWNED CITY.

The Republican Club-Union Temperance Meeting-High License Petitioners-Y.M.C.A. Reception-Personals, Incidentals and Happenings.

PASADENA, Sept. 8.—[Correspondence of THE TIMES.] One more phase of the cause celebre, the great and only ordinance-45 war, came to pass today. Dr. Reid has a long card in the Daily Star, praying the Star to publish certain documents, and his card embodies the documents, which include the Doctor's affidavit of denial, an affidavit of A. A. Chubb, denying that such a state of facts existed as was mentioned in the Union and in John Gorth's affidavit, and a communication of Dr. Reid to the proprietors or stockholders of the Union, in which the Doctor alleges that the statements in the Union of September 4th as regards himself were libelous, slanderous and scandalous, false, malicious and damaging to himself and to the gentlemen of the committee of which he is chairman, and to the churches and organizations this committee represents. He asks that the alleged proofs be at once forthcoming, or that the slanderous article be retracted through the columns of the Union in as broad, unqualified and public a manner as the accusations were made. Then follows a card from quite a number of leading business men and citizens, in which they state that they think Dr. Reid's requirements, as stated in his card, are reasonable and just; that the proofs be produced or proper retraction made.

Meanwhile other cards appear in the Pasadena dailies, and the general questions of duty of business by reason of this late liquor agitation, of high license, prohibition, etc., are all discussed pro and con; little groups and knots of deeply-interested men stand about the principal corners and in front of the Union office discussing the situation, and, in truth, no man knows what an hour may bring forth in the line of newspaper cards.

MEETING OF THE REPUBLICAN CLUB. In defiance of the sultry evening, quite a large number of the members of the Harrison and Morton Club visited the hall. Several of the candidates for county offices were present, and made brief speeches, as did also some of our local political lights after which a general all-around talk was indulged in, and the assembly broke up, after hearty cheers for the success of the whole ticket.

UNION TEMPERANCE MEETING. A union temperance meeting of all the churches of Pasadena will be held tomorrow evening in the M.E. Tabernacle. Mrs. M. E. Richardson, State superintendent of the juvenile department of the I.O.G.T., will address the meeting on the present status of the temperance cause in Pasadena.

ADMISSION DAY. Almost all our leading business houses, banks, newspapers, mills, etc., will close on Monday next. Admission day.

THE HIGH-LICENSE LIST. The Union of today publishes the petition to the Board of Trustees in regard to high license, and the names of all the 513 signers to that petition.

Y.M.C.A. RECEPTION. The monthly social of the Y.M.C.A. is to be held next Tuesday evening at Williams's Hall. A special programme and an interesting time is to be expected. Mr. M. M. Meyers, the general secretary, invites all members and the public to attend.

PERSONALS AND INCIDENTALS. Judge Terry and family go to Long Beach today for a few days' rest and recreation. The Judge will come back as brown as a berry and ready for his duties as the judicial authority for our city.

The Union of today says Dr. H. A. Reid gets \$3 per day for his "laborious labors" in the temperance cause, and that Detective Ross says the understanding was that the detective agency was to receive \$5 for each liquor case worked up where conviction was secured, and where saloons were closed, whether they came into court or not.

Dr. Lyman Allen departed for La Verne this morning. Theo Coleman of the Star and family, returned from Long Beach last evening, after having enjoyed the ocean breezes for a few days.

Mrs. Campbell, Mrs. Coleman and Elder McLean went to Long Beach yesterday to remain a week.

Mr. W. S. Arnold goes to the above named place today to remain over Sunday. Mr. and Mrs. Mitchell are back from Long Beach.

W. H. Wiley of Wiley & Greely is at Long Beach. Miss Fox, Mrs. Keyes and daughter and Miss Annie Mendenhall are among the latest arrivals from Long Beach.

George Greely has come to Long Beach and will return with his family in a day or two.

THE COURTS.

Deaths in the Various Departments of Justice.

The following business was transacted in the courts yesterday:

UNITED STATES DISTRICT COURT. Ebenezer Powers was tried by a jury and convicted of cutting timber on Government land in Fresno county. He was fined \$150 with imprisonment in Fresno County Jail till his fine is paid.

Joseph Smith, charged with selling liquor to Indians, had his case continued till September 14th at 10 a.m.

George Dehn, accused of selling liquor to Indians at San Bernardino, was committed to jail by United States Judge Seymour Van Dyke to await action of the Grand Jury. Bail was fixed at \$500. Court adjourned till September 11th at 10 a.m.

JUDGE CHERRY'S COURT. Two cases against A. Scapello were continued till next Tuesday.

The case of Ah Sue was continued till September 12th.

Thomas Sullivan was tried by jury for assault to rob and found not guilty.

R. Young, tried on the same charge, was found guilty by the jury.

JUDGE O'NEILL'S COURT. S. W. Groebel vs. P. Dunn; judgment for plaintiff for \$75 and costs.

Antonio Maldini pleaded unable to pay his wife \$75 alimony, as ordered by the Court. The Court reduced the amount to \$50, and ordered Maldini committed till paid. He paid it and was discharged.

A large number of demurrers were passed upon.

JUSTICE AUSTIN'S COURT. Maggie Hintes pleaded not guilty to disturbing the peace, and her trial was set for October 3d at 10:30 a.m.

Frank Glover was arrested Friday, on complaint of Charles Pike, for assault with a deadly weapon. Pike failed to appear at the trial yesterday, and Glover was discharged and an attachment issued for Pike for contempt of court.

John Thompson was found guilty of battery and fined \$10.

was continued till September 11th, at 10 a.m. Ah Gee, for assault to murder, was held in \$1000 bail.

People vs. John Winter. Defendant pleaded not guilty and demanded a jury.

Harry G. Johnson, up for sentence, was discharged.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

TO THE PUBLIC.

The Bituminous Lime Rock Paving and Improvement Company.

Take this opportunity of informing the citizens and property-owners of this city that the pavement laid on Main street, between First and Third streets, is not bituminous lime rock, but is an artificial mixture, and not laid by our company. We make this announcement for the purpose of disabusing the minds of those who entertain the belief that this pavement was laid by this company, and are disposed to criticize our material as being soft and not suitable for the streets of this city. The only bituminous lime rock pavement here was laid by this company, and extends on Main street from the south end of Third to Ninth street, and on Spring street from Temple to Ninth street. Bituminous lime rock does not become soft and mushy under the heat of the sun, but always remains firm and elastic. We have already laid on the streets of this city about 500,000 square feet of this pavement, to which we take pleasure in inviting inspection. Very respectfully yours, Bituminous Lime Rock Paving and Improvement Company.

J. A. PATRICH, General Manager.

A TESTIMONIAL.

From the Main and Agricultural Park Railroad Company.

We have used Dr. Flyn's Blood Purifier for the horse and his Maud's Limb for about two years. These medicines have been constantly in use for the treatment of indigestion, lameness, or otherwise injured animals. They have been found efficacious, certain and dependable, and have relieved the company of the expense attached to the employment of a veterinary surgeon. We would not be without them, and cheerfully recommend them to the owners of horses. E. M. LORICK, Superintendent.

Dr. P. H. Flynn, 104 North Main street.

DO NOT DESPAIR!

Belief Even to Those Who Have Long Given Up Hope Is at Hand!

DRS. D. & B.

Several well known and experienced practitioners, who are graduates of the most reputable colleges of the United States and Great Britain, have established themselves together for the treatment of all chronic and difficult cases. The firm is known by the name Drs. D. & B.

A WORD TO LADIES.

We are especially prepared to treat diseases of your delicate system, such as irregularities, Painful Menstruation, Diseases of the Womb, etc. We will guarantee a cure in every case undertaken. If we cannot cure you we will not treat you.

We will cure prolapsus of the womb and other displacements in every case, no matter of how long standing, without the use of a supporter.

We are prepared to perform any surgical operation, such as the removal of tumors, varicose veins, piles, etc., with success and without pain.

CATARH, BRONCHITIS, CONSUMPTION, ETC., ETC.

Our specialist in this department, by the aid of MEDICAL INHALATION, is able to cure cases where every other means have hitherto failed. Owing to this treatment numerous consumptive enjoy the best of health, whose friends and family physicians thought nothing but a miracle could cure. CATARRH is not merely relieved, but a permanent cure is effected, as patients treated four years ago with no return of the disease will testify. Over ten thousands of cures are on file in this department alone.

EYES AND EARS.

Our Oculist and Aurist is one of the most successful practitioners in this line in the United States. Operative ones of all descriptions can be performed at home. The blind can be made to see and the deaf to hear. These eyes are strengthened so perfectly that a former defective vision is corrected by glasses, and artificial eyes are adjusted which are so natural that the most intimate friends do not suspect.

DYSPEPSIA.

Several hundred cases have been treated during the last year without a failure to effect a cure. When climate, quack medicines, and general practitioners fail, give the doctors a trial, and a cure will be guaranteed.

RHEUMATISM.

Our specialist in rheumatism is meeting with the greatest success. If there is any known treatment which will benefit, the Doctor will be able to inform you, and treat you accordingly.

BLOOD DISEASES.

Our vegetable blood purifier will remove a blood taint, whether hereditary or acquired, such as Syphilis, Scrofula, Erysipelas, Salt Rheum, etc.

We will entirely remove the evil effects of a previous treatment of mercury or iodine of Potash. Patients who have been cured at the springs of the blood disease, but who suffer now almost as much with mercurial poisoning, will do well to consult us.

YOUNG MEN.

Many young men have given away to follies in their early youth, the evil effects of which are not recognized perhaps for years, and sometimes not till middle life, when the well-known symptoms present themselves: Dizziness, bad taste in the mouth, forgetfulness, loss of energy, weak back, loss of manhood, a crotchety humor, etc. Let not a sense of false modesty prevent you from seeking relief at once. Delay will sometimes lead to insanity or death. We will guarantee a cure in every case if the patient has any rational belief left. Young men who consult us for any ailment will be able to leave us with a new sense of energy and success is excited by few, if any.

CONSULTATION FREE.
